

# Join our herd of awesome people!

Unlike any other nerds out there, our team are actually cool and fun to work with, and we want to keep it that way. Get to know us a little better! We would love to get to know you as well!

General perks for you to enjoy:

- Competitive salary
- Performance bonus / profit sharing
- 5 Working days per week
- No over-time (estimate your own work load)
- Seniority privilege and clear career path
- Internal project development

We allow individuals to grow as much within the first 6 months for advanced performance review

## We are looking for:

### PHP GURU

As PHP web developers, you will be in charge of web application development in various scales. Depending on the scope of work, you will be reporting to a Senior Developer, as well as working together with other team members in different discipline.

#### Technical Requirements

- 0-2 Years of experience (fresh graduates are welcome)
- Excellent skill in PHP
- Understanding at least one PHP Framework
- Understanding MVC & OOP
- Experienced with AJAX
- Experienced with CMS (Wordpress, Drupal, Joomla, or Else)
- Basic Linux skill (server setup)

Additional experiences in the following skills will put you in better consideration:

- JavaScript programming
- Experienced in jQuery
- Experienced in web security
- Experienced with GIT
